Annabelle

CUVÉE ROSÉ

NON-ALCOHOLIC SPARKLING WINE

Sparkling Rosé

CONTAINS LESS THAN 0.5% ALC

Vintage: Non-vintage
Wine of Origin: Western Cape

Almost zero alcohol does not mean compromising on taste, as the vivacious Annabelle Non-Alcoholic Cuveé Rosé shows. This Non-Alcoholic sparkling rosé is made with the same care and dedication as the rest of the Annabelle range, from premium quality grapes bursting with flavour.

In the vineyard:

Our viticultural team travels the length and breadth of the Cape Winelands in search of the perfect grapes to form the foundation for this vibrant bubbly. Freshness and purity of fruit are the most important criteria on their list, therefore harvesting takes place early in the season when the grapes are at their pristine best.

Serving suggestion:

This wine is best enjoyed young – simply on its own, or with a variety of canapés and salads. Whether offered as a mouthwatering aperitif or the main event at a meal, Annabelle Non-Alcoholic Cuvée Rosé always proves a crowd-pleaser. Serve chilled to enhance the crisp, fresh and fruity flavours of the wine.

In the cellar:

This sparkling wine was blended from three components namely Chenin blanc, Muscat d'Alexandrie and Pinotage, which were handled separately during the winemaking process. Skin contact was allowed on the Pinotage until the right colour – a seductive barely pink – was achieved.

After fermentation these three components were blended together to produce this lively fresh and fruity wine. After blending dealcoholisation followed, and finally the base wine was infused with CO_2 to create the seemingly never-ending stream of bubbles that is a big part of Annabelle's allure.

Wine description:

This easy-drinking sparkling rosé exudes aromas of strawberry, candyfloss, floral notes & litchi. The palate is elegant and well-balanced with fresh berries, a refreshing acidity and full-flavoured finish that leaves you wanting more.

Alcohol: 0.35% v/v
pH: 3.14
Total acidity: 5.91 g/L
Residual sugar: 90 g/L

Love, A
